
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$2,000 Individual \$4,000 Family	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Yes. Preventive services, some office visits, Tier 1 drugs, children's eye exam, children's glasses, and children's dental check-ups.	For example, this plan covers certain preventative services without cost sharing and before you meet your deductible . See a list of covered preventative services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Drug Deductible: \$250 Individual/ \$500 Family. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$5,200 Individual / \$10,400 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums and health care this plan doesn't cover, and out-of-network services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See https://cchphealthplan.com/employer-member or call 1-888-775-7888 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes.	This plan will pay some or all costs to see a specialist for covered services but only if you have a referral before the specialist .
