Minority Mental Health Awareness Month

Our mental well-being matters!

National Minority Mental Health Month is observed every year in July. This brings awareness and support to the minority population with distinctive struggles that racial and ethnic minority communities face regarding mental illness in the United States.

Mental health includes our physiological and social well-being. It affects how we think, feel, act, and manage our relationships and stress, as well as how we make choices. Our mental well-being is just as important as our physical well-being in all stages of life. There are 21% of adults experiencing at least one type of mental illness per NextStep Solutions Behavioral Health. You are not alone!

Chinese Herb Highlight: Pàng Dà Hǎi

Pàng Dà Hǎi is also known as Sterculia Seed. In Traditional Chinese Medicine (TCM), Pàng Dà Hǎi is considered cool and sweet. It's associated with the lung and large intestine channels, and has various health benefits.

First, it moisturizes the lungs and can be helpful when you suddenly have a hoarse voice accompanied by cough, thirst, or sore throat. This can occur when you strain your voice, like when you shout loudly.

Second, Pàng Dà Hǎi aids digestion by relieving symptoms like bloating, indigestion, and constipation. It has a mild laxative effect, which helps with bowel movements.

If you want to try Pàng Dà Hǎi, here's what you can do:

1. Soak 2-3 pieces of Pàng Dà Hǎi in a cup of boiling water for 10 minutes
2. Once the seeds expand, you can add honey for flavor, if you desire
3. You can also add 2 pieces of chrysanthemum to increase the cooling effect
4. Drink this mixture once daily for 2-3 days

It's important to be cautious when using this herb:

- Don't use more than 5 pieces per serving
- Only have one serving per day
- Avoid drinking for more than 7 consecutive days

Furthermore, if you have certain health conditions, you should avoid using Pàng Dà Hǎi:

- Abdominal pain
- Loose stool or diarrhea
- Feeling sick, experiencing chills, physical weakness, or fatigue
- Chronic respiratory diseases
- Low blood pressure
- Diabetes

Korean Vegetable Pancakes

Ingredients (Serving 4, Serving size 2):

½ cup chopped carrots 2 large eggs
½ cup chopped zucchini ¼ teaspoon salt
½ cup chopped cauliflower ¼ teaspoon ground
½ cup chopped broccoli black pepper
¼ cup chopped scallions
1¼ cup all-purpose, whole-wheat flour

Instructions:

1. In the bowl of a food processor, add carrots, zucchini, cauliflower, broccoli, and scallions. Pulse to puree vegetables until finely chopped-but be careful not to turn the vegetables into liquid.
2. Into a large bowl, add flour, eggs, salt, and pepper. Pour in 2 cups of cold water. Use a fork to whisk mixture together until combined. Stir in the pureed vegetables. Aim for a pancake-like batter consistency, adding 1 to 2 tablespoons more water if needed.
3. Coat an 8-inch nonstick pan with cooking spray and warm over medium-high heat. Add 1/2 cup batter into the center of the pan. Cook until edges begin to get golden-about 2 to 3 minutes-and then use a spatula to carefully flip. Cook another 1 to 2 minutes until the side is golden. Transfer pancake to a plate. Spray pan with cooking spray and repeat continually until all 8 pancakes are made.

Chinese Hospital Awarded Spring 2023 'A' Hospital Safety Grade from Leapfrog Group

Chinese Hospital received an "A" Hospital Safety Grade from The Leapfrog Group, a national nonprofit upholding the standard of patient safety in hospitals and ambulatory surgery centers. This national distinction celebrates Chinese Hospital's achievements in prioritizing patient safety by protecting patients from preventable harm and errors. The new grades reflect performance primarily during the height of the pandemic.

"We are honored to receive recognition from The Leapfrog Group as one of the top-performing hospitals in the nation for patient safety and quality care," said Dr. Jian Zhang, CEO of Chinese Hospital. "At Chinese Hospital, patient safety has always been a top priority, and this recognition reaffirms our commitment to that mission. I am incredibly proud of our dedicated staff, who have worked tirelessly to provide safe and high-quality care to our patients, especially during these challenging times. This achievement is a testament to their hard work and unwavering commitment to our patients and community."

The Leapfrog Group, an independent national watchdog organization, assigns an "A," "B," "C," "D" or "F" grade to general hospitals across the country based on over 30 national performance measures reflecting errors, accidents, injuries and infections, as well as systems hospitals have in place to prevent harm.

"This new update of Hospital Safety Grades shows that, at the national level, we saw deterioration in patient safety with the pandemic," said Leah Binder, president and CEO of The Leapfrog Group. "But this hospital received an 'A' despite those challenges. I congratulate all the leaders, staff, volunteers and clinicians who together made that possible."

The Leapfrog Hospital Safety Grade is the only hospital ratings program based exclusively on hospital prevention of medical errors and harm to patients. The grading system is peer-reviewed, fully transparent and free to the public. Grades are updated twice annually, in the fall and spring. To see Chinese Hospital's full grade details and to access patient tips for staying safe in the hospital, visit HospitalSafetyGrade.org and follow The Leapfrog Group on Twitter, Facebook and via its newsletter.

In addition to the prestigious "A" Hospital Safety Grade, Chinese Hospital has also earned a coveted 4-Star rating from the Centers for Medicare and Medicaid Services (CMS). This rating evaluates hospitals based on various quality measures, including readmission rates, safety of care, patient experience, and mortality rates. Chinese Hospital's 4-Star rating reflects its consistent efforts in delivering excellent healthcare outcomes and ensuring a positive patient experience.

These notable accolades further reinforce Chinese Hospital's unwavering commitment to patient safety, the delivery of quality care, and the achievement of exceptional healthcare outcomes.

東華醫院榮獲 Leapfrog “A” 級評分

東華醫院在Leapfrog Group 最新公布的2023年春季醫院安全評級報告中獲得“A”級評分，以表彰其在保護病人免受可預防的傷害及錯誤方面的出色表現，以及在疫情高峰期間維持高水平的表現。此評級由非牟利組織Leapfrog Group進行，該機構致力維護全國醫院及門診手術中心的病人安全標準。

東華醫院行政總裁張建清博士表示：「我們很高興獲得Leapfrog Group的認可，成為全國病人安全及優質護理表現最佳的醫院之一。東華醫院一直把病人安全放在首位，這項殊榮再次肯定了我們的承諾。此外，我亦要衷心感謝我們的醫護人員及員工，即使在充滿挑戰的時期，他們亦始終如一地為社區及病人提供最安全及優質的醫療服務。正是因為他們的努力及堅持，才讓這項成就成為可能。」

Leapfrog Group是一個獨立的國家監督組織，致力評估醫院的病人安全表現，評分分為“A”、“B”、“C”、“D”及“F” 5個等級。他們會根據超過30項指標來作出評估，其中包括錯誤、事故、傷害、感染、以及醫院為防止這些問題而建立的系統等。

Leapfrog Group主席兼行政總裁Leah Binder表示：「最新的醫院安全評級報告顯示，很多醫院因為疫情而面臨著病人安全方面的挑戰。但即使在這樣的困境下，東華醫院仍然獲得了A級評分。我要向東華醫院的領導層、醫護人員及員工表示祝賀，他們對病人的承諾是實現這項成就的關鍵。」

Leapfrog Group醫院安全評級是全國唯一完全基於醫院預防醫療錯誤及減少病人受害風險的評級系統。該系統經過同行評審、完全透明、並且向公眾免費公開。此外，評分會每年定期更新兩次，分別在秋季及春季。欲查閱東華醫院的完整評級報告，或獲取有關在醫院保持安全的提示，請到 HospitalSafetyGrade.org 或關注Leapfrog Group的Twitter、Facebook及新聞通訊。

除了獲得Leapfrog “A”級評分外，東華醫院也獲聯邦保健及加州醫療輔助計劃服務中心（CMS）授予四星評級。CMS根據多項質量指標對全國醫院進行評估，包括再入院率、護理安全性、病人評價及死亡率等。東華醫院獲得四星評級充分體現了醫院在確保病人獲得優質醫療保健成果及服務體驗方面所做出的持續努力。

這些殊榮都進一步鞏固了東華醫院對病人安全、提供優質醫療服務及實現卓越醫療成果的堅定承諾。
