Section 1: Introduction – Network Providers

This section provides a list of CCHP Senior Program (HMO)'s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider** (PCP). Generally, you must get your health care services from your PCP. A PCP is a health care professional that you select to coordinate your health care. Your PCP is responsible for providing or authorizing covered services while you are a Plan member. Your PCP will also coordinate the rest of the covered services that you get as a member of our Plan.

The network providers listed in this directory have agreed to provide you with your healthcare and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that provider. In some cases, you may get covered services from non-network providers. Other providers are available in our network.

If you receive non-emergency care from non-contracted medical providers without prior authorization, CCHP may not pay for those services unless the services are urgent and our Plan providers are not available, or the services are out-of-area dialysis services. However, if you do receive services from non-contracting providers, you should not pay the bill, but you should first submit a copy of the bill to CCHP Member Services Department for processing and determination of liability.

Emergency services are provided worldwide. If you need emergency services, please visit the nearest emergency room. If you receive emergency treatment at an out-of-network provider, please contact Member Services. Post-stabilization care must be obtained at an in-network provider, unless previously approved by the Plan. If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, you must return to an in-network hospital in order for your care to continue to be covered OR you must have your inpatient care at the out-of-network hospital authorized by the Plan.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor CCHP Senior Program (HMO) will be responsible for the costs.

What is the service area for CCHP Senior Program (HMO)?

The counties in our service area are listed below:

CCHP Senior Program (HMO)

2023 Pharmacy Directory

This pharmacy directory was updated on 10/2023. For more recent information or other questions, please contact Chinese Community Health Plan Member Services at 1-888-775-7888 or, for TTY users, 1-877-681-8898, Monday to Friday from 8:00 a.m. to 8:00 p.m., or visit www.cchphealthplan.com/medicare.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at www.cchphealthplan.com/medicare. You may also call Member Services at 1-888-775-7888 (TTY/TDD users should call 1-877-681-8898) for updated information.

Introduction: This booklet provides a list of CCHP Senior Program (HMO)'s network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and CCHP Senior Program (HMO)'s formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under CCHP Senior Program (HMO) only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 10/2023. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost sharing. We have marked these pharmacies with “+” to distinguish them from other pharmacies in our network that offer standard cost sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for San Francisco and San Mateo Counties including the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please call Member Services at 1-888-775-7888 (TTY users should call 1-877-681-8898).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.
