CCHP Health Plan

CCHP Print Directory

Why CCHP

It is our mission to improve the health of our community by delivering quality, affordable healthcare. We understand that your healthcare needs and wants are as unique as the diverse Bay Area community in which we live and work. That's why we offer more than health insurance – we have plans that help you achieve health and wellness your way.

Our Story

Our roots date back to the late 1800s when Chinese residents in San Francisco did not have access to many vital services. Like many hard-working immigrants before them, the community founded the Tung Wah Dispensary in 1899 on what is now Sacramento Street. Staffed by Christian missionaries and herbalists, the dispensary offered both Western and Eastern medicines that were familiar to the community.

In 1925, the first and only Chinese Hospital in America opened after the 1906 earthquake destroyed the dispensary. After expanding and serving the community for almost 100 years, Chinese Hospital was completely rebuilt in 2016. Chinese Hospital and its network of clinics now welcome anyone who needs quality medical care in San Francisco and San Mateo counties. The not-for-profit Chinese Hospital remains the only independent hospital in San Francisco under the guidance of the original 15 founding service organizations.

CCHP is Established

In 1986, a group of community physicians helped establish CCHP to fill a need among small family-owned businesses. At the time, traditional insurance companies did not find small businesses profitable to insure. Soon after, CCHP added Medicare Advantage plans and coverage for individuals and families.

Today

CCHP is licensed with the California Department of Managed Health Care (DMHC) to offer commercial health plans and maintains a contract with the Centers for Medicare and Medicaid (CMS) to offer Medicare Advantage plans. Today, CCHP competes directly with major health insurance companies by offering a high-quality, right-sized alternative for health care coverage.

As a CCHP member, your benefits encompass a comprehensive range of healthcare services, including inpatient and outpatient care, surgical procedures, preventive and wellness services, maternity and newborn care, mental health and substance use disorder treatment, prescription medications, and emergency coverage both domestically and internationally.

CCHP partners with local independent physician associations including Jade Health Care, Hill Physicians, Access Primary Care, and its historic Chinese Hospital clinics to offer patients a wide range of medical care options. In addition, CCHP contracts with multiple regional hospitals to ensure broad access to high-quality care.

This directory provides a list of CCHP Senior Program (HMO), Senior Value Program (HMO), and Senior Select (HMO) network providers and is designed to assist you in selecting a Primary Care Physician (PCP) to serve as your designated personal physician, as well as to identify Specialists categorized by their respective areas of expertise. Providers are organized by county, indicated in the top right corner of each page, along with labels identifying PCPs and Specialists. A comprehensive list of directly contracted ancillary providers is included at the end of the directory. These providers offer a range of services, including hospital care, ambulatory surgery, hospice, skilled nursing, and behavioral health services. For complete details regarding your plan benefits and the terms of your group coverage, please consult your Summary of Benefits or Evidence of Coverage.

The network providers listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that provider. In some cases, you may get covered services from non-network providers.

If you receive non-emergency care from non-contracted medical providers without prior authorization, CCHP may not pay for those services unless the services are urgent and our Plan providers are not available, or the services are out-of-area dialysis services. However, if you do receive services from non-contracted providers, you should not pay the bill, but you should first submit a copy of the bill to CCHP's Member Services Department for processing and determination of liability. If you obtain routine care from out-of-network providers, neither Medicare nor CCHP Senior Program (HMO), Senior Value Program (HMO), or Senior Select (HMO) will be responsible for the costs.

What is the service area for CCHP Senior Program (HMO), Senior Value Program (HMO), or Senior Select (HMO)?

Please note that for Senior Select (HMO), services are exclusively for San Francisco County only. Otherwise, the counties in our service area are listed below:

- Alameda County
- San Francisco County
- San Mateo County

How do you find CCHP Senior Program (HMO), Senior Value Program (HMO), or Senior Select (HMO) providers that serve your area?

This directory provides a list of CCHP Senior Program (HMO), Senior Value Program (HMO), or Senior Select (HMO) current network providers for San Francisco, San Mateo, or Alameda Counties. To access CCHP's online provider directory, you can visit www.cchphealthplan.com/provider-search.

Network providers are organized by county. Within each county, the providers are categorized as Primary Care Physicians; Specialists; Behavioral Health Providers; Skilled Nursing Facilities; or Hospitals and are sorted alphabetically. In addition, Specialists are sorted by the type of specialty. If you have questions about CCHP Senior Program (HMO), Senior Value Program (HMO), or Senior Select (HMO) or require assistance in selecting a PCP, please call our Member Service Department at 1-888-775-7888, hours are 7 days a week, 8:00 a.m. to 8:00 p.m (October 1 - March 31). Mondays – Fridays 8:00 a.m. to 8:00 p.m. (April 1 - September 30). TTY users should call 1-877-681-8898. Or, visit www.cchphealthplan.com/medicare.

This document is available for free in English, Chinese, and Spanish.

Primary Care Physicians (PCPs)
Each member must choose a Primary Care Physician (PCP) to serve as their personal doctor. Your PCP will provide and coordinate all of your routine health care services. This directory lists PCPs by name, medical specialty, office location, and spoken languages. All care must be received from CCHP contracted providers, except in cases of emergency or urgent need.

If you require assistance selecting a PCP please call Member Services at 1-888-775-7888, (TTY 1-877-681-8898).

Specialist Providers
In addition to primary care physicians, CCHP members have access to a broad network of specialist providers. Your PCP will refer you to specialists as needed as they will coordinate your care. You are required to use CCHP contracted providers for all medical care, except in cases of emergency or urgent need.

If you receive care from non-contracted providers without prior authorization (excluding emergencies or urgent situations), CCHP may not cover the cost. However, if you do

receive such services, you should submit a copy of the bill to Member Services for review and determination of payment responsibility.

Reproductive Health Care
Some hospitals or providers may not offer certain services covered under your health plan, including family planning, contraceptive services (such as emergency contraception), sterilization procedures (including tubal ligation during labor and delivery), infertility treatments, or abortion services. To ensure access to the care you need, please contact Member Services at 1-888-775-7888, (TTY 1-877-681-8898).

Referral Process
The CCHP Disclosure Form and Evidence of Coverage outlines how you can obtain referrals to specialist physicians through your Primary Care Physician (PCP). In some cases, your PCP or specialist may issue a standing referral, which allows you to see a specialist for multiple visits when ongoing care is needed. Standing referrals are appropriate for a variety of medical conditions. For example, a member with a heart condition may require regular visits to a specialist with expertise in cardiology. If you believe you may need a standing referral, please contact your PCP to discuss your care needs.

Urgently Needed Services
Urgently Needed Services are defined as covered medical services that are medically necessary and required immediately due to an unexpected illness or injury. These services may be provided when you are temporarily outside the CCHP service area, or in rare and exceptional cases when you are within the service area, but the Plan's contracted provider network is temporarily unavailable or inaccessible.

Emergency Services
If you experience a medical emergency, go to the nearest emergency room, hospital, or call 911 immediately. CCHP covers emergency services whether you are inside or outside the service area. Please have someone contact CCHP or your Primary Care Provider (PCP) as soon as reasonably possible using the phone number on your member ID card.

For more information about emergency or out-of-area coverage, including how to obtain emergency services, contact Member Services at 1-888-775-7888, (TTY 1-877-681-8898).

October 1 – March 31 - 7 days a week from 8:00 a.m. to 8:00 p.m.
April 1 – September 30 - Mondays – Fridays 8:00 a.m. to 8:00 p.m.

Emergency services are provided worldwide. If you need emergency services, please visit the nearest emergency room. If you receive emergency treatment at an out-of-network provider, please contact Member Services. Post-stabilization care must be obtained at an in-network provider, unless previously approved by the Plan. If you receive emergency care at an out of network hospital and need inpatient care after your emergency condition is stabilized, you must return to an in-network hospital in order for your care to continue to be covered OR you must have your inpatient care at the out-of-network hospital authorized by the Plan.

Section 1 – Introduction

This directory provides a list of CCHP Senior Select Program (HMO D-SNP)'s network providers.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. A PCP is a health care professional that you select to coordinate your health care. Your PCP is responsible for providing or authorizing covered services while you are a Plan member. Your PCP will also coordinate the rest of the covered services that you get as a member of our Plan.

The network providers listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that provider. In some cases, you may get covered services from non-network providers. Other providers are available in our network.

If you receive non-emergency care from non-contracted medical providers without prior authorization, CCHP may not pay for those services unless the services are urgent and our Plan providers are not available, or the services are out-of-area dialysis services. However, if you do receive services from non-contracting providers, you should not pay the bill, but you should first submit a copy of the bill to CCHP Member Services Department for processing and determination of liability.

Emergency services are provided worldwide. If you need emergency services, please visit the nearest emergency room. If you receive emergency treatment at an out-of-network provider, please contact Member Services. Post-stabilization care must be obtained at an in-network provider, unless previously approved by the Plan. If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, you must return to an in-network hospital in order for your care to continue to be covered OR you must have your inpatient care at the out-of-network hospital authorized by the Plan.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor CCHP Senior Select Program (HMO D-SNP) will be responsible for the costs.

What is the service area for CCHP Senior Select Program (HMO D-SNP)?
